Subject: [EXTERNAL] Fee change- please consider non-motorized 7-day launch fee

Please consider making the non-motorized launch fee good for 7 days. I live in Truth or Consequences. In the summer, I use my Stand-up-paddleboard most days, either early in the am or at dusk. I usually paddle for less than an hour. \$5 launch fee would cost me \$100 a month and that is a lot.

I have neuropathy in my legs and feet. Doing balance exercise on my SUP is important to me for my health and it is one of the reasons that I live in Truth or Consequences.

At national parks, a fee is often good for 10 days. We could follow their model regarding the non-motorized launch fee (7 day fee is fine for me.) That would be \$20 a month (\$5 a week) to use my SUP.

Thank you for helping to keep our recreation areas open for everyone to use.
