Also - most states have an in state discount for seniors and disabled and military. Something to consider.

Subject: New Fees

I propose you introduce out of state camping fees -something most states are doing. For instance:

15 dollars for primitive (instate and out)

15 dollars for developed (in state)

20 dollars for developed (out of state)

10/12/15 dollars for utilities (in state water/electric/sewer)

15/17/20 dollars (out of state)

Result: 27 for a electric utility site in state

37 out of state

I believe these are reasonable fees. We travel around the country and state parks are becoming a last choice because of the cost. I would hate for NM to join the list....

Thanks for your time,

Arthur Gallagher
